

## getting to uni is easy by bus

Getting to the University of Wolverhampton (Walsall) is easy by bus with a range of services connecting you to Walsall town centre where you can then connect with the 51 & X51 bus routes that directly serve the campus.

Wherever you're going our buses can take you there with fantastic value tickets and bus passes - We recommend the Student Black Country Student Bus Pass for those of you travelling in the Black Country and West Midlands Student Bus Pass if you need to travel in the Birmingham area.
