

Getting to Uni is better by bus.

Getting to the University of Wolverhampton (Walsall) is better by bus with a range of services connecting you to Walsall town centre where you can then connect with the 51 & X51 bus routes that directly serve the campus.

Wherever you're going our buses can take you there with fantastic value tickets and bus passes - We recommend the Student Black Country bus pass for those of you travelling in the Black Country and the Student Regional bus pass if you need to travel in the Birmingham area.
